## What is "Specialty Coffee"?

The term 'Specialty Coffee' is reserved for the highest grade of coffee beans available. Specialty Coffee is sourced directly from individual farms or estates, ensuring unparalleled quality and traceability.

To be classified as Specialty Coffee, beans must score 80 or above on the Specialty Coffee Association's rigorous 100-point cupping scale, which evaluates factors like aroma, flavour, and balance.

At QTO, we proudly serve ONA Coffee. ONA are celebrated for their commitment to sustainable farming partnerships across the globe and their expertise in roasting premium beans here in Australia.
